

# You are invited

to the premiere screening of movies  
created by students in the  
**Virtual Video Project!**

The Virtual Video Project is an after-school program developed by **Global Kids** and **Museum of the Moving Image**. Last year, teens gathered to learn about film production, global issues, and virtual worlds, producing *A Child's War*, a year-end project on the plight of child soldiers in Uganda. Come meet the teens, view their work, and learn about this innovative program.
