http://www.sloodle.com/mod/chat/gui_header_js/index.php?id=13

as well

KJ Hax: the blue QuickTime Q.

Veritas Variscan: chicken-ish, LOL

You: it took a few seconds for it to load the audio

You:

http://www.sloodle.com/mod/chat/gui_header_js/index.php?id=13

is where the chat is

Ludo Merit: Wish I could see this

GK Picture viewer 0.07 4*3 maximized: Last Picture

KJ Hax: Wish i could HEAR it. :(

JimZ Zanetti: YES!

You: try maybe launching QuickTime seperately and putting in the audio feed .. it is located on the notecard the big 'i' info giver

TTNET Boa: does any one know where the avatar contest is?

You: I am going to see if I can upload some photos from Flickr of some of the avatars they are talking of.. you can see some of them at

<http://www.flickr.com/photos/holymeatballs/>

Chuk Dagmar: think you will win?

You: on the teen grid

TTNET Boa: thanks

You: but.. we could always take photos to send back to them on anyone interesting who comes here

You: there is group chat going on in SLOODLE with the teens and presenter at

<http://slurl.com/secondlife/Teaching/210/168/24>

Buddy Sprocket: made by teens

You: and you can chat with the Teens and the presenter on SLOODLE at

http://www.sloodle.com/mod/chat/gui_header_js/index.php?id=13

Edith Halderman: w?

Edith Halderman: link?

You: for SLOODLE.. a way to chat with the presenters and teens that is what that link is

Edith Halderman: Rhiannon is there audio here of Paul Gee landing?

You: if you lose audio via the video feed.. seems like TPing away and then back works to reset it

Buddy Sprocket: more pics here:

<http://www.flickr.com/photos/holymeatballs/>

Buddy Sprocket: i got where i am today largely by being good at exams (a terrible admission)

You: aww

Edith Halderman: yes terrible

Edith Halderman: if i was your teacher...it would be more challenging

Buddy Sprocket: :-)

Larissa Dmytryk: Has he violated our culture, people?

Edith Halderman: not mine

Victoria Gloucester: lol

Larissa Dmytryk: Glad he's had fun, me too.

Edith Halderman: maybe i'm atypical

Larissa Dmytryk: Have a happy trip back into outer space, Gee-sensei.

Edith Halderman: which one?

Christien Suntzu: /wave

Buddy Sprocket gave you james gee on teen grid.

Buddy Sprocket: i agree with most of what james was saying, but (not sure if im alone in this audience) I do think there is such a thing as 'problem gaming' (addiction if you want to call it that)

Edith Halderman: yes, he is preaching to the choir

Christien Suntzu: Yes. But would these people have some other problem if not games?

Buddy Sprocket: not necessarily...

You: you would think there comes a point where what comes to light on what is missing in

someone's life can help them transcend in the RL and not just be totally lost in virtual immersion

Buddy Sprocket: really good article in recent pc gamer (UK)

You: really.. involving addiction

You: there still is chat in SLOODLE

Buddy Sprocket: but basically, if you keep gaming while you are losing friends, losing your job, losing your health because you cant stop gaming...

Buddy Sprocket: that is a problem!

Buddy Sprocket gave you Snapshot.

Buddy Sprocket: pretty rare though, but not good to ignore it

You: i agree

Buddy Sprocket: but then again, all the positive things James mentioned are true too :-)
Christien Suntzu: I don't disagree - but the problem is the addiction, right?
Edith Halderman: sound had alot of buzzing
You: yes.. was a rough and low volume audio feed
You: not sure why
Christien Suntzu: Indeed. I think Jim is still here in Madison today, but I'm not sure.
Christien Suntzu: Still haven't done much with audio in SL myself.
You: it isn't too bad
You: varies a bit from being on a Mac to a PC
Edith Halderman: Claudia
You: either something like Icecast for a Mac or Shoutcast for the PC
Edith Halderman: the audio in Sloodle stopped
You: and then you need to connect to an audio server
Edith Halderman: I had it in QuickTime and the stream went off suddenly
Edith Halderman: but I could hear it here fine
You: yeah.. there were a few glitches.. i had to TP away a few times and back to reset audio
You: oh hello Claudia
You: lol.. totally ignoring you by accident
Claudia Linden: hello all. that was cool.
You: yeah.. good to get images from you
Claudia Linden: just stopping by to say hello. congrats on the first MG TG sloodle event.
You: I had gotten a few of the avatars beforehand.. but the live shots help connect it
You: :)
Claudia Linden: was looking for way to uplaod live to Sloodle somehow...
Claudia Linden: anyway, i must be off, but that was exciting. great work.
Veritas Variscan: Claudia
Claudia Linden: yaaaaaaay.
You: poke Jeremy or Buddy for that feature
You: :P
You: take care
Veritas Variscan: The team over at SLCN.tv were totally wonderful during the conference
Claudia Linden: poking
You: haha
Claudia Linden: yeah, loved slcn.tv during conference. so cool.
You: grab a comic if you haven't
Claudia Linden: where?
Veritas Variscan: Well the stream worked very well, and could be done with sloodle too

You: i need to get the latest one out too.. have to THiNK publish it tomorrow
You: there
You: that is the summer camp one.. will have out for the weekend the UNICEF one
Buddy Sprocket: hi sorry
Buddy Sprocket: was in other window
You: ah you are missing Claudia's pokes
Buddy Sprocket: what feature do I need poked to provide?
Veritas Variscan: LOL
You: lol
You: here is your chance Claudia
Claudia Linden: ciao everyone. must be off...oh, some way to upload photos on Sloodle during events
